

TRUFLEX™

A TRUE FIT FOR ALL

Experience personalized comfort with TruFlex™ safety glasses. Designed with a vented frame, they offer enhanced airflow, preventing fogging and ensuring clear vision in any environment. Featuring a customizable nose piece and temples, they ensure a tailored fit for every face, providing unmatched comfort and protection.

FEATURES

All-Day Comfort: Designed with lightweight, half frames to provide a comfortable fit and clear vision, striking the ideal balance between protection and aesthetics

Expanded Field of Vision: Wraparound polycarbonate lens is scratch-resistant, providing clear vision and UV protection against harmful rays

True Fit: Articulating, adjustable nose piece accommodates various nasal bridge sizes, ensuring optimal fit and comfort, while vented, adjustable temples allow for the perfect fit for side eye coverage and protection

Air Flow Advantage: Vented frames ensure a crystal-clear view by promoting air circulation to prevent lens fogging, even in the most demanding environments

Supreme Anti-Fog Clarity: (Select styles) The lens, treated with H2X, offers comprehensive protection with anti-fog, anti-scratch, and anti-static properties, while its durable, waterproof formula guarantees clear vision even after repeated cleaning

Built Tough: CE & UKCA certified to EN ISO 16321-1 standard for eye and face protection devices
