

Multi Purpose

Medium Duty

Multipurpose, light-duty work gloves, combining ESD compatibility, comfort and dexterity

- **Specialized protection:** EDGE[®] 48-140 ESD protective gloves meet EN 16350:2014 and EN 1149-1/2/3 requirements for electrostatic dissipative materials, and can be used in explosion hazard (ATEX) zones as part of a grounding chain
- **Reduced electrostatic discharge risks:** EDGE[®] 48-140 ESD safety work gloves feature anti-static capabilities and are designed to protect workers and electronic products and equipment from the potential dangers of static electricity
- **Elevated comfort:** These electronic discharge gloves are made of seamless 13-gauge polyester and carbon fiber liner that provide lightweight comfort and are the practical choice for final assembly tasks in the electrical and electronics industry.

Industries

- Automotive
- Electronics
- Machinery and Equipment
- Electrical

Applications

- Final assembly of dashboard, cables and wires
- Final assembly of electronic components and mother boards

Key Features

- **ESD functionality:** Satisfies EN 16350:2014 European safety standard
- **Polyurethane coating:** For sweat-proof, anti-static industrial gloves
- **Seamless 13-gauge polyester:** Breathable comfort, optimized dexterity

Performance Standards & Regulatory Compliance
